Dear Sir / Madam,

TESTIMONIAL - MATTINSON PARTNERSHIP

Dear Sir / Madam,

We have recently begun working with Mattinson Partnership as a new recruitment provider and due to their good work I am happy to provide the following testimonial:

After struggling to recruit ourselves for Junior Landscape Architects, Mattinson Partnership sent over a number of strong candidates whom we interviewed. They were very engaged throughout the process and consulted with us on how to best interview each of the prospects. After several successful interviews we hired from them, and subsequently referred their services to another local design firm, who we know also successfully hired from them.

We find their staff especially driven and personal and have been extremely happy with their service and their results. As mentioned, we have already recommended their services and will continue to do so.

Yours faithfully,

Vincent Friedlander
Technical Director
