To whom it may concern

Re: Mattinson Partnership - testimonial

Dear Sirs:

After working with Mattinson Partnership as a new recruitment provider I am happy to provide the following testimonial of their work:

Mattinson Partnership took on the mantle of resourcing specialist positions for us and despite market turbulence we have successfully appointed from them. Freddie provided multiple high-level Designer and Architect candidates for interview; he worked hard to source our niche requirements and by taking the time to meet us he understood our company culture. As a consultant, he advised how to best approach filling our positions and was constantly engaged throughout the process.

We've been very impressed with the service provided for us and look forward to a long and fruitful relationship. We'd have no hesitation in recommending their services.

Sincerely,

Kevin Underwood  
Lead – Hospitality & Masterplanning
